Notes

Strategic Journeys for Building Logical Reasoning in K-12:

Publications

Activities across the Content Areas

June 29-30, 2015, Greeneville, TN

July 9-10, 2015, Dyersburg, TN

PD Services Available

Are you interested in having a set of tools designed specifically for engaging students in rigorous standards AND preparing them for the next generation of assessments?

What if these tools could be used in any classroom and at any grade level with any content?

If so, this is the training is for you!

Be a part of this 2-day training and engage in situations that:

- stimulate rigorous logical reasoning skills,
- illustrate the 4 opportunities for questioning,
- formulate effective questioning techniques to support student query,
- cultivate 7 authentic writing opportunities, and
- demonstrate fluency and deeper understandings across all disciplines.

You will experience the effective use of each tool. Time will be provided for Leslie & Tammy to support you as during collaboration and planning specific content-related items for your own students' strategic journey.

Save the Date: July 20-21, Getting Started with the TI-84 Plus Family in High School Mathematics

Save the Date: July 20-21, Getting Started with the TI-84 Plus Family in Middle School Mathematics
